

## Safe Streets, Safe Homes, Safe Communities

### Goal 1: Neighborhood streets will integrate physical features to make them safe for all users.

- Design new and existing streets to include adequate pedestrian and bicycle facilities, lighting and measures to minimize traffic
  - Clearly marked crosswalks, obstruction-free sidewalks, and pedestrian-friendly street lighting
  - Designated bike lanes
  - Traffic calming (stop signs, traffic circles, bump outs, etc.)
- Support enhanced pedestrian and bicycle access along and across Broadway as a part of the Broadway Street Improvements project.

### Goal 2: Residents, law enforcement, and community stakeholders will work together to address community safety issues.

- Establish regular working group of law enforcement, residents, property managers, and school officials to address public safety issues in real-time
- Empower residents to proactively address safety concerns (community watch, safe reporting channels, etc.)
- Activate the industrial area through adaptive reuse of existing commercial buildings as appropriate
- Expand availability of and participation in evidence-based out-of-school time and summer programs by youths aged 12-18. (People)
- Provide access to summer work experiences for teens via Asian Resources, Boys and Girls Club, and Leataata Floyd summer tutoring programs (People)
- Student Services Center @ Leataata Floyd would connect students and families affected by trauma to mental health services (People)

### Goal 3: The new community will incorporate design principles that promote safety.

- Incorporate Crime Prevention Through Environmental Design (CPTED) principles in site plan and housing design. (Housing)
  - Housing with doors and windows facing the street
  - Clearly demarcated public and private spaces to create a sense of privacy/ownership
  - Appropriate lighting along streets and sidewalks
- Orient buildings on Broadway to engage with pedestrian activity (Housing)
- Reconnect the street grid to integrate the new neighborhood into the surrounding community (Housing)

## Dynamic and Livable Neighborhoods

### Goal 3: Residents will have convenient access to fresh food, health services, fitness programs, and nutrition classes.

- Improve and expand the public transit system and number of alternative transportation options (bike share, car share)
- Address transportation/access barriers to services and programs
- Establish joint use agreements for Sacramento City Unified School District facilities
- Support the growth of Broadway into a regional retail and dining destination
- Provide higher-density and retail opportunities along Broadway (Housing)

### Goal 4: Environmentally-friendly open spaces will provide recreational and social opportunities for residents.

- Improve access to existing parks and provide multiple open spaces for active and passive recreation
- Develop Floyd Farms as a farm, educational, and community garden
- Establish direct link between neighborhood and Miller Park/Marina
- Incorporate a mixture of public and semi-private open spaces into the new development (Housing)
- Provide for larger public areas near community centers (Housing)
